

Nordic Congress of Radiology

Reykjavik, 29 June – 1 July 2017

Save the date! 29 June - 1 July 2017

It is with great pleasure that we invite you all to Reykjavík, Iceland, for the 62nd Nordic Congress of Radiology and 23rd Nordic Congress of Radiography. The official language of the meeting is English.

The 2017 Congress is organized by the Radiological Society of Iceland and the Icelandic Society of Radiographers. This will be the 5th Nordic Congress of Radiology to be held in Iceland - and the first since 2002.

The three-day programme, from 29 June to 1 July 2017, will focus on everyday challenges in Radiology with prominent speakers from both sides of the Atlantic sharing their experience. We sincerely believe that our three days of lectures, exhibition and networking opportunities will provide a productive, informative and stimulating view of radiology today.

The congress venue will be Harpa, the new Reykjavík Concert Hall and Conference Center, splendidly located by the sea in the old city center, close to the congress hotels. Reykjavík is a small city by international standards, yet has everything needed for a successful congress within walking distance.

Please follow our Facebook page *Nordic Congress of Radiology 2017* and the website <http://www.ncr2017.is>.

We look forward to seeing you in Iceland 2017.

On behalf of the organisers,

Dr. Hildur Einarisdóttir MD, PhD.
